

15 THINGS YOU DON'T KNOW ABOUT ME

Julie Dahlke
Class of 1977

By President Amy Willman, Class of 1987

1. I enjoy shopping at the rock and gem show. I collect rocks and fossils.

2. I have many collections, including nutcrackers, bracelets, and maps.

3. I started doing Legos. I built a Nutcracker, roses, and an orchard. It was fun.

4. I love to read books and magazines. They taught me about travel and history.

5. My bucket list: I did a bungee jump from the tall crane.

6. Other bucket list: I joined a group to ride a hot air balloon. It was awesome.

7. My friends and I walked on the Great Wall of China. People in China believe that those who walk on the Great Wall have souls. I believe it!

8. I have traveled to 50 states, and there are plenty of places to see. I am not done with it.

9. I was five years old when I rode on an airplane all by myself between Omaha and North Platte.

10. I had great memories at an old girls' dorm before the new dorm was built. There was a big bedroom for 15-20 girls. We had trouble a few times, but it was a fun time.

11. Joe Giordano was my favorite teacher. I had a great respect for him.

12. I grew up on a farm near Grafton, Nebraska, until I was 7 ½ years old. My family moved to Alda, a very small town near Grand Island, Nebraska.

13. I have a sister and two brothers. I am the youngest of 4 siblings.

14. I have retired after working at Lincoln Transport and Utilities for 33 years.

15. After retiring, I took a pottery class 3 times. I enjoyed it. I plan on taking various classes in the future.
