

# DID YOU KNOW?

Members of the Pep Club and Key Club used to attend Ponca Camp for the weekend, starting around 1972 and continuing until the 1980's. The girls and boys went at different times. I'm not sure why it stopped, but we always had a great time there.

Ponca State Park is located in the northeastern part of Nebraska, specifically in the Missouri River bluffs.

I didn't have much luck finding more pictures, but I did my best to gather what I could.
