

DID YOU KNOW?

In December 1972, our art teacher, Ann Eckberg, organized a Christmas door decoration project for middle school. Each student painted a full-sized design to be displayed on their classroom door. We held a contest, and the winners were chosen. See the picture below. I'm not sure if we continued this tradition in later years. I couldn't find many photos, but I did find one in the journal. If anyone has more pictures, please share them!
