THE FINALS AT HASTINGS

## All-Tourney Selections

By FRITZ DALY

With the cream of the Nebraska high school athletes competing for honors in the state tournament here for the past three days, the selection of an all-tournament team is made much easier since all have appeared in competition during the three days.

Naming an all-state selection is somewhat out of order, however because many team failed to survive district and regional competition and consequently many sparkling performers did not compete. Hence an all-tournament team is offered.

Many disputes may arise over those named in the Tribune choices.
